

# LANDY LERMA

Industrial Engineer – Artificial  
Intelligence Specialist

## PROFILE

I am an Industrial Engineer with outstanding skills in data analysis and processing, as well as in the implementation of improvements and Customer Service. During my work experience, I have managed to consistently exceed the proposed objectives, generating a highly positive impact on the organizations in which I have worked.

Additionally, as the creator of the EMOAI concept, I have managed to generate a significant impact on social networks, demonstrating my ability to innovate and connect with diverse audiences.
